Reading and American Locomotive Make High Record Prices.

SHOW STRENGTH

Only One or Two of Latter Saved Any Remnant of Their Gains.

NEW YORK, January 3.-The most of the speculation to-day contested the influence of the continued stringency of the was the case yesterday, but gave way to weakness at the last as on yesterday. The stringency, in fact, was less acute, the money rate showing the operation of forces working towards relaxation, but the evidences of discouragement over the slowness of the working out of the relief to the money market continued regularity in the stock market. The onerations which advanced prices gave signs of pools and centralized forces. Individual operations were on a very large profit taking sales. Some encouragement to speculative sentiments was caused by the assertion, which was diligently circulated that some of the large speculative combinations were realizing on a large scale and paying off loans on call with which they had been carrying

with which they had been carrying stocks. Money went as high as forty per cent, early in the day, and while it was maintained at that rate for a short time, it showed little readiness to yield below the 25 per cent, rate, and flurried to 50 per cent, again before the close.

Special reasons were advanced for the strength in some individual stocks, but the movements were generally attributed to the supporting measures of powerful speculators largely committed to the market. Reading and American Locomotive made high record prices, and St. Paul, Atchison, Union Pacific, Louisville and Nashville and Sugar showed varying degrees of strength. Only one or two of these saved any remnant of their gains in the selling movement, which overwhelmed the market in the final hour and made the closing weak and active.

Bonds were irregular. Total sales, par value, 13,470.000.

curities more is heard with respect to the United States Steel stocks particularly the common than any other group of securities. It is ligileved that Steel common will be the speculative favorite as long as the upward movement in the markot continues. While sensational advances are not looked for in the preferred stock it is confidently expected that investors will continue to buy this issue, realizing that even at considerably higher prices that will be getting a good return on their stock whose dividend seem almost absolutely assured at seven per cent, and cortainly at five per cent. It is intimated strongly that if the labor situation is satisfactorily adjusted. Reading will have a tremendous advance on the basis of the companies large earnings, valuable anthracite holdings and the scarcity of the stock in the street. NEW YORK, Jan. 3.—L, and N. gross earnings for five months of the fiscal year are nearly \$1.000,000 in excess of gross for the five months of 1904. This is an increase of 5.7 per cent. The increased cost of operation during the yellow fever outbreak caused a part of the decrease of net in the same period amounting to about \$300,000. The November net earnings, however, showed an increase of \$58,000. The business of the company is good, and the prospects are that it will continue so for at least several months. Ixist year Louisville and Nashville earned in net over 11.3 per cent. In the present year the showing of net so far is not as good as in the same months of 1904, but the large increase of gross earnings and the turn in tide as regards net in November seem to indicate that the current year will not, after all, be far behind ast year in the matter of net earnings. year will not, after all, be far behind last year in the matter of net earnings,

TRYING TO LOCATE AN EXPRESS SHORTAGE

Discovered When Company s Iron Safe Opened On

(Special to The Times-Dispatch.)

SALISBURY, N. C., January 3.—Three special agents of the Southern Express Company spent last night in Salisbury in an effort to locate a shortage of \$25,000 which was discovered when the company's safe was opened on train No. 38 Sunday. It is believed the safe was robbed though no clue has been obtained as to the guilty parties.

Mr. F. E. Pinkham, of Asheville, has leased for a term of five years the Johnston building, one of the largest in Salisbury, and on March 1 will open a large and modernly equipped hotel here.

The will of the late Dr. J. A. Caldwell, Gr., who recently died at his home here was recorded to-day. The estate is valued at \$50,00, and was left unconditionally to Mrs. Caldwell, who is the sole executrix.

The Board of Lady Managers of the Home, No. 2 East Grace Street, at 11 o'clock this morning. This will be the annual meeting, at which the officers for the ensuing year will be clected. It is therefore urged that every member of the board off, and the property is now absolutely owned by the Home, and is free of all incumbrances.

Mrs. A. J. Montague, who is acting president, in the absence of Miss Mary Custis Lee, has been indefatigable in her work for the Home, and has carried its cause always close to her heart. Mrs. Montague has had the earneat and active co-operation of the board of managers at all times, and all the ladies are happy over the year's work.

The Home is now in splendid condi-
